PROFILE

AI Developer & Designer building AI-native product pipelines end to end, with a design background across brand identity and UI work for premium hospitality and sports clients.

EXPERIENCE

AI Developer & Designer — Nativize

Feb 2026 - Present · 7 mos · Remote

- End-to-end execution building an AI-native solution for creative native advertorials, integrated with campaign platforms like Taboola.
- Integrated photorealistic AI image and video generation tools to scale high-conversion ad assets.
- Own product development and feature expansion following the successful live launch of version one.

Creative Designer — Means Design

Sep 2025 - Jan 2026 · 5 mos · Dubai, United Arab Emirates · On-site

- Designed end-to-end creative concepts and brand identities for hospitality clients.
- Integrated generative AI tools into the creative production workflow to accelerate asset delivery.
- Delivered production-ready design assets for premium global brands including Emaar, Sofitel, and Six Senses.

UI Designer — Webcurve

Mar 2024 - Dec 2024 · 10 mos · Part-time · Kochi, Kerala, India · Hybrid

- Worked on UI design projects end to end, collaborating directly with clients on user-centric solutions.
- Participated in client meetings and iterative design reviews.
